

Mission

**The Community Foundation for the Greater Capital Region
strengthens our community through philanthropy.**

We do this in collaboration with donors and community partners who share our vision for community transformation through stewardship of charitable endowments, superior donor services, effective grantmaking, and leadership to address community needs.

The Community Foundation is building a more vibrant, equitable and just community where every person has access to resources they need to thrive.

Our Promise

We acknowledge the historical systems of oppression that created inequities and disparities in the distribution of wealth and opportunity in marginalized communities.

We believe equity and inclusion flourish in a safe and welcoming environment where people are valued and treated with dignity and respect.

We build relationships that broaden our reach and help us create an organization that reflects the diversity and vitality of our community.

We promise to provide open access to information, opportunities for collaboration, and funding to address the complex issues facing our region.
